2. COMMERCIAL RULES PART 10A

The committee held discussion on the Commercial Energy Code Part 10a Rules. The recommended changes the committee agreed upon are outlined in the matrix.

Henry clarified an inquiry from the last meeting that the ICC IECC does allow the use of the ASHRAE Standard in design documents. John Faellaci asked if the ASHRAE 90.1 could be used totally or if there was an option to use parts? Chapter 501.1 of the IECC states that the building must meet either the requirements of the ASHRAE Standard or the requirements of this chapter.

A **MOTION** was made by Roger Papineau and supported by Steve Farrar to approve the staff recommendation to adopt the ICC Energy Code 2006 Edition in the Part 10a Energy Code Rules for application in commercial structures with amendments as outlined in the matrix. **MOTION CARRIED.**

3. RESIDENTIAL RULES PART 10

The committee held discussion on the Residential Energy Code Part 10 Rules. The committee reviewed pages 1 through 9 of the matrix and recommended changes were made to the document.

4. MEETING SCHEDULE – May 20th, June 3rd, June 10th

5. ADJOURNMENT

The meeting was adjourned at approximately 12:08 p.m.
